RECEIVED

NEVADA STATE BOARD OF
MEDICAL EXAMINERS

Dear Dr. Brecher:

Inquiry Panel B of the Colorado Board of Medical Examiners has concluded its inquiry regarding your role in the care and treatment of L.H. It was the Panel's decision not to commence with formal proceedings against your license to practice medicine. However, the Panel did vote to administer disciplinary action to you in the form of this letter of admonition.

After careful review of all the information gathered in this case, the Panel found that the treatment rendered to this patient was below the standard of care. Specifically, given the explicit history of posterior right sided chest pain just below the scapula, your examination should have detected the mass.

By this letter, the Panel hereby admonishes you and cautions you that complaints disclosing any repetition of such practice may lead to the commencement of formal disciplinary proceedings against your license to practice medicine, wherein this letter of admonition may be entered into evidence as aggravation.

You are advised that it is your right to have this case reviewed in an administrative proceeding. To do so, you must submit a written request within twenty (20) days after receipt of this letter. In your request, you must clearly ask that formal disciplinary proceedings be initiated against you to adjudicate the propriety of the conduct upon which this letter of admonition is based. If such request is timely made, this letter of admonition will be deemed vacated, and the matter will be processed by means of a formal complaint and hearing. This is in accordance with the provisions of the Medical Practice Act governing the discipline of licensed physicians.

Sincerely,

FOR THE BOARD OF MEDICAL EXAMINERS
