#### Questions:

# All of the following questions refer to the time period since your last renewal

In the event that your status was not changed to Inactive <u>during</u> a renewal, all questions refer to the time period within the last 24 months prior to your submission of this form.

For the purposes of the following questions, these phrases or words have these meanings:

- "Ability to practice medicine" is to be construed to include all of the following:
  - 1. The cognitive capacity to make appropriate clinical diagnoses and exercise reasoned medical judgments and to learn and keep abreast of medical developments;
  - 2. The ability to communicate those judgments and medical information to patients and other health care providers, with or without the use of aids or devices, such as voice amplifiers; and
  - 3. The physical capability to perform medical tasks such as physician examination and surgical procedures, with or without the use of aids or devices, such as corrective lenses or hearing aids.

"Chemical substances" is to be construed to include alcohol, drugs or medications, including those taken pursuant to a valid prescription for legitimate medical purposes and in accordance with the prescriber's direction.

For all "yes" responses to the following questions, you must submit your written explanation(s) on a separate sheet attached to your completed Application for Status Change to Active Status Registration form.
