Pursuant to NRS 630.311(3), within 20 days after the conclusion of an investigative committee meeting, the Nevada State Board of Medical Examiners (Board) is required to publish a summary of the proceedings and determinations of the investigative committee. Please note that NRS 630.336(4) requires that documents and information compiled as a result of an investigation are confidential. If the investigative committee files a formal complaint against a licensee, then the formal complaint and all documents and information considered by the Board when determining whether to impose disciplinary action against that licensee are public records. NRS 630.336(5).
