FOR IMMEDIATE RELEASE

Nevada State Board of Medical Examiners revokes physician's license over misconduct allegations

RENO, NV — A Nevada State Board of Medical Examiners investigative committee on Oct. 16, 2024, suspended Las Vegas psychiatrist Dr. Hisbay Ali's medical license because of misconduct allegations.

The board received complaints that Ali initiated a sexual relationship with a patient, prescribed controlled substances illegally and failed to disclose a criminal history that included a 2022 domestic violence arrest and a 2024 DUI arrest for driving with a blood alcohol level three times over the legal limit. Ali crashed his car before his arrest.

"The board uses summary suspension rarely," board Executive Director Edward Cousineau said. "But, in this case the investigative committee, based on a cumulative record of misconduct, was compelled to suspend Dr. Ali's medical license because of the clear potential for continued harm to the citizens of Nevada."

Ali is barred from practicing medicine in Nevada, pending the board's further order. A status hearing on the suspension is set for 1:30 p.m., Nov. 4 at the board's main office, 9600 Gateway Drive in Reno.

ABOUT THE NEVADA STATE BOARD OF MEDICAL EXAMINERS

The Nevada State Board of Medical Examiners serves the State of Nevada by ensuring that only well-qualified, competent physicians, physician assistants, respiratory therapists, perfusionists and anesthesiologist assistants are licensed to practice in Nevada.

The Board responds expediently to complaints by conducting fair and thorough investigations that result in appropriate action. In all Board activities, the Board places the interests of the public before the interests of the medical profession, and encourages public input and involvement, as we work to improve the quality of medical practice in Nevada.
