Case No. 14-19407-1

FILED
SEP 17 2014

NEVADA STATE BOARD OF
MEDICAL EXAMINERS
By: 

COMPLAINT

The Investigative Committee (IC) of the Nevada State Board of Medical Examiners (Board), composed at the time of filing of Theodore B. Berndt, M.D., Valerie J. Clark, BSN, RHU, LUTCF, and Michael J. Fischer, M.D., by and through Erin L. Albright, Esq., General Counsel and attorney for the IC, having a reasonable basis to believe that Cesar A. Estela, M.D. (Respondent), violated the provisions of Nevada Revised Statutes (NRS) Chapter 630 and Nevada Administrative Code (NAC) Chapter 630 (collectively, the Medical Practice Act), hereby issues its formal Complaint, stating the IC's charges and allegations as follows:

1. Respondent is currently licensed in active status (License No. 9610), and has been so licensed by the Board since October 9, 2000, pursuant to the provisions of the Medical Practice Act.

2. Patient A was a thirty-six (36)-year-old female at the time of the incidents in question. Her true identity is not disclosed in this Complaint to protect her identity, but her identity is disclosed in the Patient Designation contemporaneously served on Respondent with this Complaint.

3. On or about August 14, 2013, Patient A, accompanied by her partner, presented to Respondent for elective trigger point injections of xylocaine.

///

1 4. Patient A's partner remained with Patient A in the treatment room during the entire
2 August 14, 2013 appointment with Respondent.

3 5. Respondent identified Patient A's trigger points, injected the xylocaine, and
4 completed the procedure as planned.

5 6. After the procedure was completed, Patient A requested additional trigger point
6 injections of xylocaine.

7 7. Respondent agreed to provide Patient A with additional trigger point injections of
8 xylocaine and left the treatment room to prepare the additional trigger point injections.

9 8. When Respondent returned to Patient A's treatment room, Patient A questioned
10 Respondent about his injection drawing procedures from multi-dose vials.

11 9. Respondent stated that his drawing procedure from a multi-dose vial is "new
12 needle, same syringe." Respondent confirmed this was the procedure he used with the xylocaine
13 he was about to inject into Patient A's trigger points.

14 10. Respondent and Patient A discussed safe injection practices. At the end of the
15 discussion, Patient A refused the additional trigger point injections of xylocaine.

16 11. Respondent violated the standard of care when he used the same syringe to re-enter
17 a multi-dose vial, even if that vial was not to be used on subsequent patients.

18 12. Patient A's medical records do not contain any reference to the procedure used by
19 Respondent when he prepared the additional trigger point injections of xylocaine.

20 **COUNT I**

21 **(Medical Records Violation)**

22 13. All of the allegations in the above paragraphs are hereby incorporated as if fully set
23 forth herein.

24 14. NRS 630.3062(1) provides that the failure to maintain timely, legible, accurate and
25 complete medical records relating to the diagnosis, treatment and care of a patient is grounds for
26 initiating discipline against a licensee.

27 15. As demonstrated by, but not limited to, the above-outlined facts, Respondent failed
28 to maintain accurate and/or complete medical records relating to the diagnosis, treatment and care

1 of Patient A when he failed to record in Patient A's medical records the procedure he used to
2 prepare the additional trigger point injections of xylocaine.

3 16. By reason of the foregoing, Respondent is subject to discipline by the Board as
4 provided in NRS 630.352.

5
6 **COUNT II**

7 **(Malpractice)**

8 17. All of the allegations contained in the above paragraphs are hereby incorporated by
9 reference as though fully set forth herein.

10 18. NRS 630.301(4) provides that malpractice of a physician is grounds for initiating
11 disciplinary action against a licensee.

12 19. NAC 630.040 defines malpractice as the failure of a physician, in treating a patient,
13 to use the reasonable care, skill, or knowledge ordinarily used under similar circumstances.

14 20. As demonstrated by, but not limited to, the above-outlined facts, Respondent failed
15 to use reasonable care, skill or knowledge ordinarily used under similar circumstances when he re-
16 used the same syringe to re-enter a multi-dose vial of xylocaine to treat Patient A.

17 21. By reason of the foregoing, Respondent is subject to discipline by the Board as
18 provided in NRS 630.352.

19 **WHEREFORE**, the Investigative Committee prays:

20 1. That the Board give Respondent notice of the charges herein against him and give
21 him notice that he may file an answer to the Complaint herein as set forth in NRS 630.339(2)
22 within twenty (20) days of service of the Complaint;

23 2. That the Board set a time and place for a formal hearing after holding an
24 Early Case Conference pursuant to NRS 630.339(3);

25 3. That the Board determine the sanctions it will impose if it finds Respondent
26 violated the Medical Practice Act;

27 4. That the Board make, issue and serve on Respondent, in writing, its findings of
28 fact, conclusions of law and order, which shall include the sanctions imposed; and
